Viewing Holds Information

Log into Cardinal Station and check the Holds box on the right-hand side of the Student Center Screen.

Note: For most students, the Student Center screen is the default screen in Cardinal Station. The Academics section will be at the top of this screen.

If holds appear in the Holds box, select the “details” hyperlink to view additional information.

The following screen will display a list of your holds. Select the hyperlink(s) in the first column of the Item List to view the details of each hold, including the assigning department and instructions for how to have the hold removed.
